Bollards

BRAND

 THE[®]
ITALIAN
LAB

Dimensions: L 100, W 100, H 900 mm
Weight: 10.4 Kg

The BRAND bollard is made of 50/10 thick cold galvanized and polyester powder coated steel, by the welding of three steel sheets. The inside steel plate can be customized by laser cutting to make signs or drawings (e.g.: Municipality of....., ...logo). Ground fixing can be done by placing the extended part of the bollard 250 mm deep into concrete foundations, under a flange without holes; or by using 4 suitable M8 bolts (not supplied). Also available the removable version with bayonet system and safety lock with universal key lock.
