CLAPS seat

**Dimensions:**

L 2040, W 500, H seat 450, total H 700 mm

**Weight:** 64.4 Kg

The CLAPS seat is made of 250/10 thick solid steel legs, linked together by two C-shaped elements, 40x50x40 mm, Thickness 30/10. The seat is made of exotic wooden slats. On the legs there is a decoration called "CLAPS", made by laser cutting. Ground fixing is with 4 M8 suitable bolts (not supplied).

All the steel parts are then cold galvanized and polyester powder coated.
