Benches

DUNE CURVE seat

Dimensions: L 1300, W 660, H 450 mm

The DUNE CURVE bench made of high performance cement (UHPC) or with "Hyperconcrete", a mixture of quartz and resin reinforced with glass fibers, with this material you get a very light product, ideal for indoor environments or terraces.

Finish: smooth as a formwork.

Colors: white, light gray, dark gray.
