

Benches

CODE: UL-PNC-032

ETIC 2 bench

Dimensions:

L 1800 (L backrest 1800), W 525,
H seat 450 mm, total H 760 mm

The ETIC 2 bench is made of two solid legs made of 50/10 thick steel sheet.

At the base of the legs, plates are welded with two 10-mm holes for ground fixing with suitable bolts (not supplied). The seat and the backrest are made of exotic wood slats treated with natural waterproof oils.

The main features of the bench are the two wood slats of different sizes (width 80 and 160 mm), placed in the seat and in the backrest. The brackets supporting the backrest are made of 50/10 thick steel sheet, and they are fixed to the legs with two M8 hex-cap screws. All the steel parts are then cold galvanized and polyester powder coated.
