# Planters

## MALL planter

**5** THE<sup>®</sup>  
ITALIAN  
LAB

**Dimensions:** L 620, W 504, H 800 mm

The legs of the planter mod. MALL are made of steel sheet 10 mm thick, while the containment tank is made of 30/10 thick sheet steel. The parts are joined together by means of 4 countersunk M8 screws.

All the steel parts are galvanized and painted with PP polymers.
