

# Pouf

## STANDARD Pouf

### Dimensions:

L 550, P 550, H 444 mm

Weight: 54 Kg

Design: LAND Italia

The supporting structure of the pouf is made of square section tubular, 40x40 mm, and 30/10 depth steel sheet, the metal parts are cold galvanized and powder coated PP, RAL 7024. The structure is secured to the concrete base colored H 90 mm (cement colored with cobalt oxides and white aggregates) using 4 M10 "hammer" head screws on special profiles embedded in the cement, the same fixing takes place for the h 90 mm seat, also made of white cement with colored aggregates.

10/10 depth sheet iron casings are fixed to the structure on which 40x15 mm slats are applied, made of wood painted in light gray RAL 9018 matt.

### Optionals:

- USB socket on galvanized iron slat (code: USB SM).
