Ashtrays

RECTANGULAR

 THE[®]
ITALIAN
LAB

Dimensions: L. 120, W 80, H 143 mm
Weight: 0.8 Kg

The main body of the ashtray RECTANGULAR is made of 10/10 thick steel sheet, while the upper part and the cover are made of 20/10 thick steel sheet. On the upper part there are some lasercut slots to extinguish cigarettes, and in the middle there is a 20mm hole for the butts. The cover is supplied with a closing spring, and a universal triangular key. The cigarette symbol is laser-cut in the front of the ashtray. Thanks to the special inserts placed on the back, the ashtray easily fits

with any litter bin of our range "The Italian Lab".
