

Chair

LUXURY Chair

Dimensions:

L 480, P 633, H 880 mm

Weight: 106 Kg

Design: LAND Italia

The supporting structure of the chair is made of 40/10 depth sheet steel for the "shoulders", while the fixing plate is 30 mm depth 40/10, the metal parts are cold galvanized. The structure is secured to the base by means of 4 M8 plugs (ficher).

The base is characterized by the "panettone" shape and the color yellow RAL 1023, the upper part of the base is made with white cement, while the lower part, h 90 mm, is in cement colored with oxides.

Slats, dimensions 40x15 mm, made of light gray recycled plastic are applied to the structure of the chair, the same slats have various colored recycled plastic aggregates.
