Benches

SERAC bench

5 THE[®]
ITALIAN
LAB

DESIGNED BY ZAHA HADID DESIGN

Dimensions:

L 2500, W 800, H 500 mm

Weight:

750 Kg UHPC

120 Kg HYPERCONCRETE

The SERAC bench is made of high performance cement (UHPC) or in Hyperconcrete, a mixture of quartz and resin reinforced with glass fiber sheets, ideal for indoor spaces.

Finish: smooth as a formwork.

Colors: white, light gray, dark gray.

The UHPC version is treated with stain-resistant resins.
