Bollards

SQUARE 900

Dimensions: L 100, W 100, H 900 mm

Weight: With plate 12.6 Kg, To be cemented 16.1 Kg

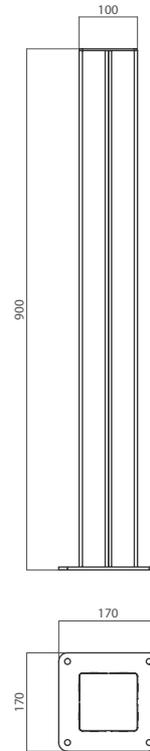

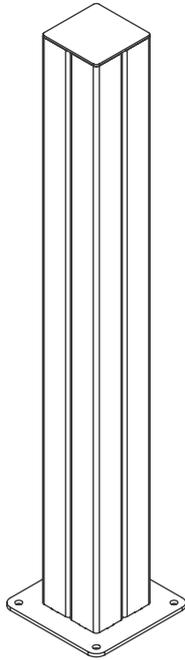

The SQUARE 900 bollard is made by the welding of four 30/10 thick angle brackets of cold galvanized and polyester powder coated steel. Ground fixing can be made with 4 M8 bolts (not supplied) mounted on a flange measuring 170x170x5 mm, or by placing the extended part of the bollard 250 mm into concrete foundations.

Also available the removable version with bayonet system and safety lock with universal key lock.
